

Maths

Measurement: mass, capacity and length/height

Position and direction

Statistics

Computing

Learning how to keep safe online.

Exploring animation using scratch.

RE

What ways are places of worship important to believers? Children will visit a local church and observe the features of a church.

RSHE

Changing Me - recognising cycles of life in nature.

PE

Outdoor: Taking part in trials, teamwork, developing trust

Indoor: Dance - exploring friendships through dance

Music

Composing and performing with swung quavers (Jazz).

DT

To design and make their own vegetable salad. Explore what vegetables they like and how to prepare them using different equipment.

Starting point

Sharing about the different places where our families are from.

Big Issue

Children will be thinking about how we treat people who may be different to us.

Text

Cinnamon by Neil Gaiman

Year 2 Summer 2

English

Writing stories based on the main character from the book. Predicting different outcomes and linking this story to others they have read. Giving their opinion on what the characters do in the story.

Geography

Why is Oyugis a good place to live? Comparing a small area within a non-European country (Oyugis, Kenya) with a small area in the UK (Ilford).

Science

To understand that animals, including humans, have offspring, which grow into adults. To find out about and describe the basic needs of animals, including humans, for survival (water, food and air). To understand the importance for humans to exercise, eat the right amounts of different types of food, and hygiene.

Art

How can I express my thoughts and feelings through sculpture? Explore the work of Ben Osawe and Andy Goldsworthy and from this plan and create own sculpture.

Ways in which you can support your child at home...

Below is a list of activities available on three different websites we subscribe to as a school, for which your child has their own login and password. These activities have been selected for your child to complete this half term, as they support learning in class. If you have difficulty accessing any of the sites, please contact your child's teacher.

DT

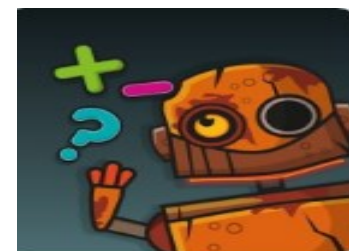

Visit the shops and look at the different vegetables for sale. Can your child name all the vegetables. Encourage the your child to try a new vegetable and learn how to prepare it at home.

Purple Mash

Complete the 2do and match the animals to their young.

Maths

NumBots

Children can practise their maths skills by logging onto NumBots through Wonde.

Places to visit

We are very fortunate to live in an area surrounded by many wonderful places to visit. To support your child's learning this half term, why not consider taking a trip to the Natural History Museum to find out about the world we live in.

Reading

Remember to listen to your child read every night for at least 15 minutes and write a comment in their reading record to show this. It is expected that children read six times a week. Your child will also greatly benefit from you reading a story to them. Goodmayes Library is a wonderful place to visit to encourage your child's love of reading. Children can borrow lots of lovely new stories and read a wide range of books.
