Ways in which you can support your child at home...

Below is a list of activities available on three different websites we subscribe to as a school, which your child is able to access through Wonde. These activities have been selected for your child to complete this half term, as they support learning in class. If you have difficulty accessing any of the sites, please contact your child's teacher.

Although we have not planned any educational visits this term, we may still explore outdoor areas within our local community.

Places to visit as a family: We are very fortunate to live in an area surrounded by many wonderful outdoor places to visit. To support your child's learning this half term, why not consider taking a trip to Hainault Forest to collect different coloured leaves, acorns, pine cones and other autumnal treats!

Reading: In Year 1 we expect your child to **read at least six days a week for 15 minutes**. Please sign your child's reading record every time you hear them read.
