

Mayespark Primary School

Access to Reading Plus

At Mayespark Primary School we encourage children to develop a love using quality texts and topics which inspire and excite young readers and writers.

Children who read regularly and who are read to regularly have the opportunity to open the doors to so many different worlds! More importantly, reading gives children the tools to become independent life-long learners. We are proud to introduce Reading Plus and we would like you to support your child in accessing the reading programme. Here are a list of places you can visit in order to access a computer:

- Local libraries like Ilford Central Library, Goodmayes Library and Barking Library
- Afterschool homework club
- Personal lap-tops, tables (please avoid using mobile phones)
- Internet cafes

Logging to Reading Plus:

KS2 children should have site code and password written at the back of their reading records.

Example: child's name followed by a capital letters of the first name and surname

Example: HannahM
