Science

Plants—identifying and naming a variety of common wild and garden plants, including deciduous and evergreen trees. Identifying and describing the basic structure of a variety of common flowering plants, including trees. Investigating how plants grow.

Art

Children will learn about depicting streets and buildings and focus on the work of the American pop artist, James Rizzi. They will create a 3-D mural based on Rizzi's work.

Values Kindness

Metacognition Does practice impact my performance?

Ways in which you can support your child at home...

Below is a list of activities available on three different websites we subscribe to as a school, for which your child has their own login and password. These activities have been selected for your child to complete this half term, as they support learning in class. If you have difficulty accessing any of the sites, please contact your child's teacher.

Maths

Practice counting in 2's, 5's and 10's.

Number bonds to 10

<https://www.topmarks.co.uk/maths-games/hit-the-button>

Science

<https://www.bbc.co.uk/teach/class-clips-video/articles/zxhcwsg>

What is a plant?

Exploring what a plant is - how to identify them and how to categorise them.

How do plants grow?

Exploring the conditions needed for germination and plant growth.

Watch the videos about plant then can you grow your own plant ?

Reading

Please listen to your child read at least 6 times a weeks for fifteen minutes. Your child will also greatly benefit from listening to you read stories to them every day. You are able to listen to some free stories at: <https://www.oxfordowl.co.uk/for-home/find-a-book/library-page/>

Educational visits

We will also be visiting Goodmayes Library to give the children the opportunity to choose new books to read in school.
