

Maths

- Multiplication and division
- Shape - identify and name the properties of 2D and 3D shapes. Compare and sort shapes.
- Fractions - identify $\frac{1}{3}$, $\frac{1}{4}$, $\frac{1}{2}$, $\frac{2}{4}$, $\frac{3}{4}$ of a number or shape and know that all parts must be equal.
- Time - read the time on a clock to the nearest 15 mins.

Computing

- Creating pictures
- Online safety

RSHE

Learning about how to maintain a healthy lifestyle.

PE

Indoor: Dance

Outdoor: Games

Music

Learning a traditional African call and response song and to recognise simple notation. Composing animal-based call and response rhythms.

Starting point:

Have you ever been treated unfairly?

Children will explore fair and unfair through role play.

Text: Fox by Margaret Wild.

Year 2 Spring 2

English

Reading the text Fox to explore how characters motives can change in a story. Should the magpie trust the fox? Learning to predict and write monologues in the role of Fox and Magpie. Using what they have learnt about the characters to write their own narrative about what they think will happen next.

Art

To explore artists portrait paintings, looking at the similarities and differences. Using this knowledge to create their own painting. Through comparing the work of different artists e.g. L.S.Lowry, Richard Kimbo, children will develop their own painting technique.

History

Researching the lives of significant individuals such as Rosa Parks, Emily Davison and Malala Yousafzai. Researching how they have contributed to national and international achievements.

RE

Understanding what Christians do at Easter and why this is important to them.

Ways in which you can support your child at home...

Below are some websites that will help your children with their maths work and learning about significant people in history.

Choose a Category:

Counting Ordering Sequencing Numbers Place Value, Odd and Even
Addition and Subtraction Times Tables Multiplication and Division Money
Shapes Measures Data Handling Problem Solving

Shapes Games

These free shapes games help children learn the names and properties of 2D and 3D shapes. They also cover the concepts of symmetry and co-ordinates. Educational games provide children with valuable practise and reinforce learning in a fun way either in the home or classroom.

Shape Patterns

Shape Patterns is a sequencing game where children from 3 to 8 years of age need to complete the pattern of different coloured 2D shapes. Three levels of difficulty.

Tablet-friendly

Who was Rosa Parks?

Places to visit

Visit the National Portrait Gallery in London to look at the many different ways artists have painted pictures.

Reading

Remember to listen to your child read **for at least 15 minutes 6 times a week** and write a comment in their reading record to show this. Your child will also greatly benefit from you reading a story to them.

Spellings

It is important that the children learn the common exception words for year 1 and 2. A fun way is to use the link below and play the spelling games. <https://www.topmarks.co.uk/english-games/5-7-years/words-and-spelling>
